About the Manager and the Fund

Gama BW PAMM SP Fund is a vehicle managed by Gama Investimentos, Brazilian Asset Management well established in Feeder Fund industry, that gives Latin American investors access to the Bridgewater Pure Alpha Major Markets Strategy 14% Volatility. Created in 2010, Pure Alpha Major Markets strategy is designed to generate a high return-to-risk ratio through active management while being uncorrelated to markets and other managers. The manager seek to achieve this goal by trading a highly diversified set of liquid global markets with no bias to be long or short any market over time. The Fund trade more than 70 markets to give ourselves the greatest flexibility to find alpha opportunities around the world. Spreading risk across so many diversifying trading strategies means no one position, group of positions, or type of risk should dominate the portfolio's performance.
